UCP#3005: Our People

Our team provides support with lifting expertise and equipment right throughout a project – whether long or short-term, large or small, wet or dry.

We understand that effective lifting solutions can significantly reduce the total cost of a project. Our team has knowledge, experience and equipment, to help achieve these efficiencies.

For a personalised approach, our team will work collaboratively with customers to design and co-ordinate the safest and most efficient lifting plan for a project.

Our professional and expert team includes:

Crane Operators: provided for all mobile, crawler and tower cranes on a hire basis, hourly to weekly rates tailored to your project needs.

Riggers and Crane Dogmen: provided for lifts with mobile, tower and crawler cranes on a hire basis also rates tailored to your project needs. This means that engineered lifting solutions are optimised at every opportunity for our customers.

Boom and scissor lift operators.

Welders: our competent welders able to assist with any additional requirements for steel erection or precast panels or even a project that requires a welder for general welding.

Supervisors and Managers: our trained supervisors have extensive knowledge in safety, equipment selection and managers expertise specialising in planned lifts providing lift studies and work method statements; they provide peace of mind to ensure the job gets done on time.

Overview

UNITED CRANES is an equal opportunity employer. We pride ourselves on our willingness to get the job done while providing a safe lifting solution.

We continue to focus on our strategy of building organisational capability through our people, processes and systems to deliver our value proposition to our customers and to generate strong returns for our shareholders.

Our continued operational focus on safety with the appointment of key safety professionals at a state and business unit level ensures the consistent and organisation wide delivery of the UNITED CRANES Safety Message and the management of risks within our business.

Diversity

UNITED CRANES is committed to seeking out and retaining the finest talent to support its growth and performance objectives. We are committed to the treatment of all people with respect and recognise that our diversity and broad range of skills makes us strong. With a key element of UNITED's value proposition based on our people's capability and expertise, a diverse and talented workforce is a key competitive advantage that differentiates our service to the customers and the markets we support.

United Cranes encompasses the entire organisation, including the Board, senior management and all other employees. The policy recognises diversity of gender, age, ethnicity, disability and cultural background.

We continue to invest in training and development for our operational staff to ensure operating tickets are maintained, safety standards are upheld, customer site inductions are current and operators are vocationally competent to meet the needs of our customers.
